Dear Robert and the 1<sup>st</sup> Choice Team:

I wanted to thank you for all you and your team have done for *World Poker Tour*. We appreciate the help and insight you gave us during one of our most difficult times – an office move to a different city. The 1<sup>st</sup> Choice team operated so smoothly that it enabled us to avoid disruptions to our ongoing business during the move.

Specifically, we value that 1<sup>st</sup> Choice is an all-in-one service. *WPT* needed help acquiring furniture, moving existing furniture, and disposing of old furniture. It was extremely beneficial to get our multitude of needs met at one company that was already familiar with our goals and operations.

Further, we found your insight refreshing and useful. From furniture purchases to color choices and creative problem solving, 1<sup>st</sup> Choice was ready and able to provide input. It is obvious that your team has a lot of experience which aids in space planning, choosing the right materials and solving problems that inevitably arise in a move.

I appreciated that you contacted me almost daily for a few months to ensure we were on the same page. You took the time to make the long drive to our office on a handful of occasions to show me the paperwork and design choices in person to confirm our prior discussions. During the move, your team was very professional and cooperative with each building's property managers. After the move, your team continued to be amicable and go beyond the call of duty to accommodate us.

Most importantly, the services provided by 1<sup>st</sup> Choice were always affordable. I never felt as if *WPT* was being taken advantage of. The prices for all services performed by 1<sup>st</sup> Choice were fair and reasonable. In addition, because your company met all of our deadlines, it helped us to save money in the long run.

I would recommend your team to any company that is in need of your services. Please feel free to use me as a reference in the future.

Sincerely,
