1st Choice Modular Installation
1312 E. Saint Gertrude Place
Santa Ana, CA 92705

To Whom It May Concern:

Various Technical Professions Inc., a floor covering corporation, located in Compton, CA has enjoyed an eighteen (18) plus year business relationship with 1st Choice Modular Installation. 1st Choice is very reliable and professional. We have joint ventured on numerous contracts with March and Edwards Air Force Base, various sites for The City of Los Angeles such as The Convention Center, City Hall, several Police and Fire Stations, and the Entire Personnel Building. In addition, we have worked together for The City of Compton, San Pedro, and Van Nuys, just to name a few. 1st Choice Modular has also sub-contracted with us in several school districts.

We can truthfully say that when you make 1st Choice your "first choice", they will be your last choice where modular furniture is concerned. As one of the owners of VTP, Inc., I (Willie Phillips), have no reservations whatsoever in highly recommending George and 1st Choice.

Sincerely,

Willie H. Phillips
